
LIVE IN NATURE'S RHYTHM
LODHA

There is ancient music in the forest.
Winds move through the canopy,
water carries its low note,
birdsong rises between the trees.
Light filters through the leaves
and the landscape slowly comes awake.
Stay with it long enough,
and your own rhythm begins to change.

Silent Overture
within the layered forest.

In music, it is the silent pause that gives the melody its power. Let stillness be your welcome, as layered foliage softens the din of the city into tranquility.
